## INTRODUCTION

This is volume 7 of a series of tombstone inscriptions from Bulloch County cemeteries and from cemeteries in surrounding counties that once were a part of Bulloch.

It is thought that there are no further cemeteries in Bulloch County to be surveyed with the exception of the new section of Eastside Cemetery in Statesboro. A special effort was made to locate all the Black cemeteries in the county for this volume.

The same abbreviations have been used that were used for the previous volumes. "SS" (same stone) means two or more graves with the same headstone. "UTM" indicates that there was no headstone inscription but only a metal marker placed there by the funeral home. In many cases these were illegible. "Illeg" was used for these. "Sic" means that an obvious error was made and was copied as it was. "Sp" indicates a variation in spelling of a name previously used.

Directions for reaching the cemeteries listed have been given along with names of surveyors and date surveyed.

As in several of the other volumes much help was given by a member of the Statesboro Regional Library staff and in one instance by two staff members plus a volunteer worker.

There are fourteen cemeteries listed with a total of 1883 tombstone inscriptions, including unmarked graves.

It is with a feeling of satisfaction that this volume is done and that the inscriptions have been recorded so that if a cemetery is destroyed (as so many have been) at least the inscriptions are recorded and are available to researchers. It is hoped that more persons in other counties will make an effort to record their county cemeteries.

Copies of this volume will be placed in the Statesboro Regional Library and in each of its five branches.

BULLOCH MEMORIAL GARDENS  
Bulloch County, Georgia

Directions: Cemetery is on US 80 East, 1.7 miles from the Statesboro city limit.

This is a comparatively new cemetery, established in 1965 so it will not be too useful for genealogical purposes. However it was felt that since all other known cemeteries in Bulloch county with the exception of the "new" side of Eastside, have been recorded, this one needed to be included.

The cemetery is in five sections, two on each side in an L-shape, and two between these, one on each side of the entrance road. The fifth is behind one of the center sections. We began in an opposite manner from the way other Bulloch county cemeteries have been done. Normally we begin at the left. On this one we began at the back right mainly because there are regulation-type tombstones there, and there only. The rest of the cemetery has flat bronze plates.

Survey was made in May and June of 1985 by Mrs. William Starling and Mrs. Lawrence B. Kelly, Chairman.

WOMACK CEMETERY  
Bulloch County, Georgia

Directions: From Statesboro go to Portal. In Portal turn right, opposite the school, on to Old Portal Road (502). Go .6 of a mile. Turn in a dirt road on the right. Go about .3 of a mile. Cemetery is in the field on the right in a small clump of bushes. Originally there were four or five graves there. The tombstones apparently have been plowed up and thrown in a pile. All are broken and only one remains with a name and dates. For lack of better information the graveyard is being called by this name.

Surveyed 27 February 1985 by Mrs. William Starling, Randy Saunders and Mrs. Lawrence B. Kelly, Chairman Genealogical Records Committee.
